Do you pay Arizona Income Tax?

Would you like to have a say in how your tax dollars are spent?

Read on...The Arizona School Tax Credit allows tax payers to contribute money (\$200 individual, \$400 married, filing jointly) to a school's extra-curricular activities program.

How does that help you?

You get to choose where this portion of your taxes go. You have to pay it anyway; wouldn't you rather make the choice of how it's spent? Your support will help ensure a quality education to the next generation of taxpayers. Your Tax Credit may also be

taken as a "Tax Deduction" on your Federal Income Tax (please consult your tax advisor for details).

How does that help us?

We are able to provide a variety of activities for students. These activities can include, but are not limited to, field trips, fine arts, visual arts, and athletics.

What if you pay less than \$200 in Arizona taxes?

You can still contribute the amount that does not exceed your taxes.

DOES THIS COST YOU ANYTHING?

NO! NO! NO! NO! NO!

If you expect to pay \$500 as your 2008 Arizona State taxes and you give the GFSD school/schools \$250, your taxes to the state are then \$250

Can you really make a difference?

YES! YES! YES!
