

LUCAS

I my school because...

I love my school because it's really fun and I've been here for 6 years. All my friends are here, so that's one reason why I kept coming back. I came back this year, is because my sister started Kindergarten and I stayed to keep an eye on her. My favourite teachers are Mr. G and Mr. Jaway. Mr. G is one of the funnest teachers. Mr. Jaway goes over the top sometimes with parties and energy. That's why I love my school.
